

ATTENTION

All Montana FCCLA Chapters

To show recognition to each chapter, advisor, member, community service projects, sponsors, school, or any other aspect of FCCLA, we invite you to design your own chapter slide! The slides will be shown on our "big screen" prior to each session at the State Conference in March. Please be creative and give recognition to yourselves and all others who deserve it!

The "Fine Print":

Each chapter will be limited to two slides. Each slide will be limited to 15 seconds, so use the 15 seconds with animations and other effects. The base slide must include the school name and the FCCLA logo along with the advisor's name. If a chapter fails to complete a slide, one will be provided for them (It will contain only the minimum requirements). If you have any questions, contact Randi Diercks at fcclarandi@yahoo.com. Please have slides e-mailed by Janet by January 15th, 2006. All slides must be done in **power point**. If there are any programs needed to run animations, those must be sent to, via CD, Internet, or floppy disc.
